They Say

Apologists.

They are numerous.

They have entered the legal profession.

The Morton Club was raided on last Saturday night.

The negro pimps informed on the management.

The boys are satisfied now that all that glitters is not gold.

McKinley will fight the field.

Morton will not be elected.

The BEE takes the lead in Afro-American Journalism.

Send your news to The BEE.

Read our new advertisements in The BEE this week.

Why is it that some trustees of churches are anxious to get where the money is?

The First Precinct will win the metal for its reformation fight.

A case in the Police Court Monday morning showed that one of the missionery women invited a man to accompany her on Missouri ave., to a house to drink beer.

Had not the Police Department better reform the reformers?

These missions are frauds.

Some of the members are liars and prostitutes.

Many a man is taken in at some of these missions.

So-called reformers are worse than the offenders.

The Knights of Pythias have indorsed The BEE.

Reformers are very often more damaging to society than the evil of which they complain.

Taxes are paid to assist in running the Government.

Taxation without representation is the principle upon which the District Govornment is based.

The BEE has no apologies to make to those who commit wrongs against humanity.

Some of these pretty days the negro attorney will see his error.

There are several court tattlers in town.

Negroes who tattle to the court are hypocrites.

There are two or three negro Police Court Lawyers who always try to our favors with the courts.

The court should not trust such men.

They tell clients that they have great influence with the courts.

Some negro lawyers think it is an honor to talk with the court.

It is an honor to talk with some courts.

Hall who was murdered was a strong A. P. A.

The detectives have formed another opinion.

There are some bailiffs who attempt to run the courts.

The Morton Club will keep out sneaks hereafter.

The pimp who informed on the Morton Club could not run it himself, hence he would net allow others to run it.

Chickens are bound to come home to roost.

Retribution will come to the unworthy.

Remember the gift of a true friend.

Col. Ross is one of the best men on the Board of Commissioners.

Col. Trusdell has made more colored appointments on the Police Force than his predecessor.

His predecessor thought that the white man was the only one being fit to live and the negroes must starve to death.

Some republicans ought to retire from the party.

Some of the officials in the City Post Office ought to resign and let some one else run the business who knows how.

The man who laughs to your face will stab you behind your back.

THE OLYMPIC GAMES.

AMERICANS VICTORIOUS IN MANY OF THE EVENTS IN ATHENS.

Capt. Garret, of Princeton, Defeats Two Greek Champions — 40,000 People Witness the Sport the First Day, 100,000 the Second Day—The Royal Family Present.

Athens, April 7.—Yesterday began the seven hundred and seventy-sixth Olympiad, in which athletes from several countries participated. The Americans who took part in the games were the victors in several of the events, despite the fact that they have been here a very short time and had little practice after their long ocean voyage. The weather was mild, but cloudy. More than 40,000 persons were admitted, including the King of Greece, the Duke of Sparta and other members of the royal family, the members of the diplomatic corps and many other prominent persons. The sight was a remarkable one and seldom has such interest and enthusiasm been displayed over any recent event in the Grecian capital. The Americans appeared to be in excellent form, and they won their victories with much apparent ease.

For the discus throwing the following Americans were entered: Capt. Robert Garrett, of Princeton University, and Ellery H. Clark, of Harvard, a member of the Boston Athletic Association. Garrett won. Garrett's throw was considered phenomenal by the spectators. He threw the discus 29.15 metres, defeating the Greek champion, Paraskevopoulos, by 19 centimetres.

The first heat of the 100 metres race was won by F. W. Lane, of Princeton, in 12 1-5 seconds. Szokoly, a Hungarian, was second. The second heat was won by T. P. Curtis, of the Boston A. A., whose time was 12 1-5 seconds, the same as Lane's. M. Chalkokondylis, an Athenian, was second. The third heat was won by T. E. Burke, of the Boston A. A., in 11 4-5 seconds. Hoffman, a German, was second.

In the hop, step and jump Connolly covered 13 7-10 metres. Tufferl, a Frenchman, was second.

In the first heat of the 400 metres race H. B. Jamison, of Princeton, was first and the German, Hoffman, second. The second heat was won by Burne, an Englishman, with Gimolin second.

The first heat of the 80 metres race was won by Flack, an Austrian; Lermusiasux, a Frenchamn, won the second heat.

All the finals will be run on Friday.

Athens, April 8.—On the second day of the Olympic games the interest showed no sign of diminution. On the contrary, there was more enthusiasm displayed than was shown Monday. The King, Crown Prince and other members of the royal family were present, as were also all the notabilities of Greece and many from foreign countries. It is estimated that fully 100,000 persons witnessed the games yesterday. The weather was perfect. It is believed that the future of the Olympic games has been decided, and that they will henceforth take their place among the noted events in the athletic world.

The first heat of the 110 metres hurdle race was won by Goulding, an Englishman; time, 18 2-5 seconds. The second heat was won by T. P. Curtis of the Boston A. A., in 18 seconds. The finals of this event will take place on Friday.

The long jump was won by Ellery H. Clark, Boston A. A., who covered 6.3 metres.

The 400 metres race on the flat was won by Thomas E. Burke, of the Boston A. A., in 54 1-5 seconds.

The next event was putting the weight. Capt. Garrett won, scoring 11.22 metres. The Greek champion Gouskos, scored 11.03 metres. Gouskos is the second Greek champion who has met defeat contesting with Garrett.

The one-hand weight lifting contest was won by Elliott, an Englishman, who raised 71 kilos.

The 200-weight lifting contest was won by Jensen, a Dane, who raised 111½ kilos.

Flack, the Australian, won the 1,500 metres race on the flat in 4m. 33s.

INCLAN'S COLUMN CUT UP.

One Hundred Wounded Said to Have Been Sent to Havana.

Tampa, Fla., April 6.—Passengers arriving last night from Cuba report that the Spanish Gen. Inclan's forces were entirely surrounded by insurgents and a hand-to-hand conflict ensued. Nothing official has been published about it but 100 wounded from this engagement were taken to Havana Friday night. All the wounds were machete cuts. Inclan was among the wounded. The engagement occurred in the Vuelta Abajo district.

Quintin Bandera, an insurgent leader, has sent a letter to Gen. Weyler requesting humane treatment for helpless families.

Cubans here intended to burn a Spanish flag and Gen. Weyler's picture last night, but the police prevented it.

Caused the Death of 12.

Antwerp, April 6.—The boilers of the tug Virginie, plying between Ghent and Antwerp, exploded yesterday when the vessel was near Termonde. The captain escaped, but the crew of four men were killed. The explosion caused the sinking of a barge and the drowning of eight persons who were aboard of it.

Frightened to Death by a Burglar.

Indianapolis, Ind., April 8.—Mrs. William M. Hampton was prostrated by fright early on Monday morning upon her husband discovering a burglar in their room, and her nervousness continued until last night, when she died of exhaustion.

A World's Fair Hotel Burned.

Chicago, April 8.—The Hotel Louisiana, at Seventy-first street and Avenue C, was burned to the ground last night. The Louisiana was one of the great World's Fair hostelries, covering two acres of ground, and was four stories high.

Murdered by the Matabeles.

London, April 6.—The Standard today publishes a dispatch from Buluwayo saying that the Matabeles have murdered a hundred whites and that 250 are still missing.

THE RELIGIOUS MISSIONS.

Reforms when honestly directed are good for the people.

Religious missions are avenues to reformation among a certain class of people.

We believe in good people; we k nowt h all people are not bad, neither are all people immoral.

When people take on the garb of a Saint, and join these sham religious organizations that have been so numerous in this city, it is then time to reform them.

In the Police Court on Monday a white woman was charged with keeping a disorderly house.

Several witnesses testified pro an l con.

One pan t fed looking white woman test f d that she was a boarder or l g r in this house and never committed a wrong act.

It was testified to, however, that this particular woman met a white man at one of the religious missions where he invited her to go and get some beer.

This woman invited the man to her house on Missouri Avenue, but before they had time to secure the beer Sergeant Falvey raided the house.

These so-called missions that are attended by reformed prostitutes and other religious hypocrites do more to promote immorality than many of these open houses of prostitution.

Some of these missions are cloaks to enable many of these people who are too nice to keep open houses of prostitution to commit their rascality.

Reformers need themselves to be reformed.

Let the present form of Government be abolished.

OPPRESSION.

If there ever was oppression and discrimination in the affairs of our Local Government they can be found now. The high handed methods by which our local affairs are governed, especially by the understrappers, will kill the most law abiding citizens.

The Excise Board of this Government ought to be abolished.

The BEE is of the opinion, and so are many of the best people in this community, that whiskey licenses are granted and rejected as this autocratic body, and high salaried officials feel toward the applicants.

The people want suffrage, and elect their rulers and until they are permitted to do so there will be no justice for the oppressed.

The Excise Board is composed of three aristocrats who are of the opinion that the poor man has no right to exist.

If you compare the assessments of property it can be seen that the rich aristocrats are leniently dealt with, while the poor and bone and sinew of our Government are discriminated against.

It is hoped that Congress will not consider this high license whiskey bill which is merely to appease the vindicativeness of a class of religious hypocrites.

Let the present form of Government be abolished.

IS THE NEGRO RETROGRADING?

The Emancipation Day was celebrated by a street parade on last Thursday and the spectacle was disgraceful to say the least.

Instead of certain classes improving they seem to be either retrograding or standing still.

What did the parade demonstrate April 16th?

Did it show any improvement in thecondition of the District negro since his emancipation? Was there any thing in the procession that would lead one to believe that the negro appreciates his freedom?

It was nothing more than a display of sashes, free rides, and waste of money, which could have been appropriated for other purposes. The parade fell short to those in former years.

Let Emancipation Day parades be abolished.

Let the District republicans have a representative Republican Committee.

There is no reason why we should not have a colored judge to preside over one of the branches of the Police Court and a colored Assisiant District Attorney. The negro will be given a show under the next administration.

Are not 16th day of April parades menacing to the good morals of the negro?

It looks like McKinley will sweep the country.

It is wonderful how rapidly he drew in popularity.

The BEE the greatest advertising medium in the District of Columbia takes the lead in Afro-American journalism.

Why not reform the reformers?

The First Precinct ought to be given a medal of honor

The loose manner which things are conducted in the City Delivery Department of the City Post Office should be investigated by the Postmaster.

The excuse that was given by the subordinates of the Mail Division why The BEE'S were not distributed last week are weak in the extreme. Let the Postmaster make a change.

Emancipation Day parades should be abolished,

The District Democratic Committee declared for suffrage. This is a good move.

Since there is no republican organization in the city The BEE would suggest to the Union Republican League to organize a representative republican committee.

There is some talk of the colored talk to St. Louis having a conference. What is the use of a conference? It means a meeting to disagree. They all will want to be chief cooks.

WILL NOT BROOK DICTATION.

Spaniards Are All of One Mind in Regard to the Attitude of the United States.

London, April 8.—The Times's Madrid dispatch says:

"It is quite certain that the Spanish nation will unhesitatingly refuse to accept the United States' dictation, and, no matter how far public opinion favors such reforms in Cuba as would put an end to the rebellion, while the United States maintain their present attitude no Spaniard will be found to venture to utter such an opinion. Even the Republicans would only ask for Cuban autonomy in altered circumstances.

"It is an open secret that the Liberal leaders would consent to such radical reform as would amount to autonomy if the United States should abandon their present policy. Senor Castelar would consent to the fullest concessions, provided Spain's sovereign rights were secured.

"Experienced statesmen and politicians cannot fail to recognize that, with the exception of the Catalans, to whom the Cuban protective tariff secures enormous trade and profits, the Spaniards as a nation obtain little or nothing from the island. Had a tariff reduction been granted, the rebellion, probably losing American support, would have suffered a mortal blow."

Buluwayo, April 8.—Capt. Gifford, in command of an expeditionary corps who has been burning kreals in the Shiloh district, has been seriously wounded in an engagement with the natives. Reinforcements have been dispatched to his assistance as it is understood that he is hard pressed by the rebels.

It is again reported that old King Lobengula is alive and that it is he, and not his son, who is the principal leader of the Matabeles who are now in arms against the British authorities. It is said he is massing his forces in preparation for an attack in strong force upon this place.

The rumors of a rising of the natives in the Zambesi district are not credited here.

The bill provides for a tax of $400 upon manufacturers, $250 upon whosesale merchants and $48 upon retailers. It prescribes that the cheese must be packed in wooden boxes and sold in original packages, and when sold shall be enclosed in a wrapper bearing the brand. Each cheese must also be branded conspicuously upon each side.

THE BAYARD RESOLUTIONS.

They Will Not, It is Said, Be Allowed to Slumber Indefinitely.

Washington, March 7.—The resolutions censuring Ambassador Bayard for his London and Edinburgh speeches will not, it is said, be allowed to slumber indefinitely on the house calendar. Speaker Reed is understood to have given assurances that they will be called up after several other appropriation bills have been passed. They are expected to provoke a spirited debate. The Democrats, under the leadership of Mr. McCreary, of Kentucky, will vigorously oppose their adoption, but is claimed that they will receive the united support of the Republican majority.

Girls should not give advice that they would not take themselves. If we wish others to believe us we must first believe ourselves.

Shepherds plaids and checks of ali kinds are made up into skirts to be worn with fancy waists and black jackets, and there are some entire costumes of plaid.

The Eton Jackets will be worn with the Spring costumes and an usually pretty style has the skirt very much gored and open at the side of the front breadth like the bicycle suits.

An Eton Jacket, fitting tight at the back has revers turned back from the waist to the shoulders and lined with blue satin, with this is to be worn a blouse of blue and white checked silk.

The dark heliotrope colors, seen occasionally during the winter are out in numbers in the Spring costumes. They invariably have trimmings of white or are worn with tan covert coats, as an all heliotrope gown is rarely becoming.

The golf capes have been found so useful for driving and for country wear that there is a steady demand for them.

An odd cloth garment, between a jacket and a blouse seems to meet with favor. It has a narrow ruffle effect about the hips, and the fullness is belted with a narrow gilt braid.

The silk waists still form part of the costumes, and the gown that are made with waists to match are the exception to the rule.

Chiffon and lace are still used for trimming. Some of the new skirts for silk gowns have jabots of the chiffon starting from the side of the front breadth about half-way below the skirt and reaching to the hem.

The plainest of tailor costumes are of serge, chevoit or cloth are fashioned with a close fitting coat, buttons down the front, turn over collar and cuffs of velvet, skirts untrimmed godet. Black navy, fawn and golden brown are the favored shades for these useful gowns.

Hats are to be worn well to the front this year, and a great favor for wide ribbon is apparent.

Tape braid sailors in white trimmed with a black velvet band have taken the fancy of early purchasers.

Tulle loops and ends and large tulle bows bound with black velvet will add a delightful touch to summer hats.

White tulle rosettes with natural colored velvet violets accompanied by foliage, make a harmonious blending for a dressy toque.

Straw-flower rosettes in inch and two inch diameter come singly in leading colors, and trimed around the edge of a turban or bonnet and are introduced in the main trimming affectively,

Persian muslins are organdies with Persian patterns and are very rich looking. They come in many colors, each melting into the other and are not as conspicuous as would seem.

The old-time bias ruffles with a piping of silk are coming in, and there are braided ruffles of ribbon and a number of other novelties. which threatened to invade the severity of the untrimmed skirt, which has reigned supreme for several seasons.

Most of the summer materials wil be semi-transparent, and are intended to be worn over contrasting colors.

Granadine in dresden and pompadour effects in flowered stripes, polka dots and eccentric designs are exceedingly popular, and are being made into elegant gowns, which will be worn all spring and at the summer resorts.

Lawns, dimities, and ginghams are shown in beautiful combinations of color.

Linen batiste is the material of the season, the fine kind being as expensive as silk and exceedingly beautiful.

A Pleasure to testify in favor of
MEXICAN
MUSTANG LINIMENT.
Indispensable for the eradication of pains, bruises and especially neuralgia.

REV. F. M. JACOBS.
ASHEVILLE, N. C., April 19, 1895.
Lyon Manufacturing Co., Brooklyn, N. Y.
Dear Sirs:—I consider it a pleasure to testify to the good qualities of your Mexican Mustang Liniment. I have had occasions to use it for some years as a general family medicine. It has proven an indispensable thing for the eradication of pains, bruises, and especially for neuralgia, of which my wife was a constant sufferer. I have tried many liniments, but I may safely say that none has acted so soothingly and successfully as Mustang Liniment. I have no hesitancy in recommending it as an indispensable family medicine. Yours truly,

Now that it said that man furnishes intelligence and woman refines it into taste, girls should be careful and cultivate the nature of refinement.

If girls spent half as much time making cages to keep birds as they do in making nets to catch them, our homes would be better and divorce suits would be fewer.

Meg: Your friend is very unreasonable to think that she is entitled to the earth and all contained on it and that all creatures, including man, should bow down to her. Her popular existence is but a short duration, and I am sure her friends are already but few.

No honest man will speak despairingly of any woman if he has any regard for his mother.

It is not wise for any one to magnify his own importance, for such persons are often weighed and found wanting.

No sensible girl will allow a man to think that she cares more for him than for any one else. Few men know how to appreciate true friendship except their own opposition.

'Tis not wise to think that because you can't do a thing, no one else can. Some people have only one talent, while others have three.

E. P. I do not write to the boys generally, but in answer to your inquirery; the girl had a perfect right to ignore you, knowing that you only wanted her company, when you could not get hers.

The man who thinks that a woman should be his humble slave and adorer, because of his good looks, will be assured by the sensible girl that a woman's ambition runs higher than "good looks."

Improve the days of your small domain by being economical and associating with those who stand well in the community.

One needs to be ashamed of labor only when it is poorly done. All work is honorable, no matter what kind.

Your friends will take the advantage of your good graces. An outsider will often accept of a favor without reciprocating.

A quarrelsome woman makes an obnoxious husband, and an obstinate man makes a unhappy home.

It is not well to think more of yourself than others think of you. The moment one forgets himself for someone higher, that moment he has the germ of true happiness.

Beauty is the birth attraction of a man and nothing she has herself to. Beauty will not satisfy no one with ideals.

Ambitious persons will not neglect the cultivation of their mind, hut they should avoid at the same time the cultivation of conceit, as conceitedness and education ofttimes accompany each other.

Long engagements are not advisable. Long period of acquaintance previous to an engagement is far better.

L.: Tea gowns are not worn, except in the sick room and by no means should it be worn in the parlor.

Every girl should go through life with the pleasing theory, that at the proper time it will be in her power, to make some man supremely happy in her own little home.

Young wives should be thoughtful enough to study the comfort of their lords in every detail of household arrangements and clever enough not to expect daily acknowledgements of the same.

Ans: On arrival at a luncheon, ask the ladies to remove their outer wraps, but they should retain their bonnets.

Enid: A woman never writes "cor." before her signature when addressing a man, unless she is elderly and friendship is a close one.

Note: The residents number should always be written in numerals, except when the name of the street is a number; then it is good form to write it in full.

A woman who has learned the art of "doing without" is the woman who in the use of time will enjoy the luxuries of life in her old age. It is not enough to buy everything you need, as needs can hardly be supplied.

Bright, warm and cheerful face in-doors a dreary home will drive away gloom and despair. A cheerful face is the sunshine of smiles are next to the sunlight and warmth of Heaven

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

EDITORIAL SYNOPSIS.

A ship at sea is in danger of running against a snag and the result that by so doing, it makes a hole in its side and finely it sinks. Now this is the way some parties are doing now. They are are running towards a snag and the only way they will find out will be when the water commences to pour in. There is a Pilot on Board who can steer them off and away. (Providing they will take his advice,) otherwise it means sink. He who smokes Spanish tobacco knows something.

At a meeting of Palestine Temple of Chicago on last Monday evening, Noble Brown offered the followed resolution. It was unanimously adopted:

Whereas, the inspiration, growth, advancement and remarable success of this Temple and the ancient Arabic Order of Nobles of the Mystic Shrine of Free Masonry in this whole country among Colored Masons is inseparably connected with the name of Noble John G. Jones, 33°, of Chicago, who is the founder of this ancient Order among the Colored Masons in the United States, but for whose foresight, energy, tact, and skill, this ancient and sublime organization would never have been instituted among the Colored Masons in this counnry; therefore be it

Resolved, That we recognize in Brother Noble Jones, a Mason of energy, push, and determination, and the Masonic Fraternity throughout this broad land owes to him a debt of gratitude that they can never repay.

OFFICIAL BLUNDERS

FLIMSY EXCUSES MADE WHY THE BEE WAS DELAYED LAST WEEK.—ALWAYS BLUNDERING.

The Superintendent of the Delivery Department of the City Post Office either doesn't know his business or else there are a set of block-heads in the Mail Delivery Department who have not sense to distribute the mail properly.

Not since the publication of The BEE has this office had so much trouble in having The BEE properly and promptly delivered, no matter how early the papers arrive at the City Post Office.

The Postmaster is a fine gentleman, but, he has a lot of blockheads in charge of the Distributing Department who should be transferred to places other than those they now fill so that there will not be so many complaints.

If so many mistakes are made with The BEE certainly there must be gigantic blunders made with other mail.

The excuses made by the several subordinates of the office, why the BEE was not delivered last week in time, are evidences of the stupidity of men who ought to know better, Mr. Doyle excepted.

Mr. James W. Gillingham appreciates the patronage of our people. He does a stove and furniture business, 3023 M street, n. w. Give him a call, he will satisfy you.

C. F. Jackson has returned to the city from Florida and is looking well.

If you want to have your job work done call at this office.

William J. Donovan has one of the best houses in the city.

Miss Pauline Bruce, who has been dangerously ill for three weeks is now greatly improved and will be able to be out in a few days.

Hon. B. K. Bruce will be in the city in a few days.

Mr. Thomas H. Clark disappointed the Metropolitan Literary Society on ast Wednesday night.

Miss Mary Nattena, of Staunton, Va., is at the Douglass Hotel.

Mr. J. C. Thomas has taken charge of the Cafe at the Douglass Hotel. Everything is first-class.

Moore & Prioleau are always up to-date. They changed their hot lunches to cold lunches daily from 12 to 2 o'clock.

If you want base ball news and the bulletin daily call at the Sparta Buffet.

The Detroit and Cleveland Steam Navigation Company's steamers are now running daily (except Sunday) between Detroit and Cleveland. When traveling East or West, North or South, try to arrange to take advantage of these luxurious steamers between Michigan and Ohio. If you are contemplating a summer outing, write A. A. Schantz, G.
